SUMMARY

Front-end and full-stack developer who builds responsive, user-focused web applications with JavaScript, React, and Firebase. Designed, built, and shipped Epic Mouse solo, a live React app that reached 50 weekly recurring users, owning everything from UI design and original artwork to CI/CD. A fine-arts background brings a strong eye for layout, typography, and interaction design, and 12+ years leading client-facing teams brings clear communication, ownership, and on-time delivery. Seeking a Front-End, Full-Stack, or Web Developer role, remote or in Barcelona.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL
Front-End: React, JSX, Vite, Vue.js, Bootstrap, responsive & mobile-first design, component-based architecture, state management
Back-End & Data: Firebase, EJS, PgAdmin
Tools & Workflow: Git/GitHub, GitHub Actions (CI/CD), Babel, VS Code, Postman, CodeSandbox, Photoshop
Design: UI/UX, interaction design, visual composition & typography (fine-arts trained), illustration & animation

COMPLETED PROJECT

Epic Mouse Writing Companion App | *JavaScript, React, Vite, Firebase* | www.Epicmouse.app
A writing companion app built to solve the problem of keeping writers with ADHD engaged while writing.

- Built entirely from scratch as a solo developer using JavaScript, React (Vite), Firebase, and Photoshop, along with a single-page marketing site
- Grew to 50 weekly recurring users at its peak
- Set up GitHub Actions CI for automated builds and shipped 100+ commits, refining component architecture and state management
- Hand-drew all illustrations, then AI-enhanced and animated them to give the app a distinctive, engaging feel

CURRENT PROJECT

Gamified Personal Training Companion App | *React, Vite, Firebase* | Live Mobile Demo: apex-16df2.web.app | *In active development*

- Designing and building a mobile-first, gamified strength-training app that turns logged workouts into bricks for building famous monuments, making progress visible and motivating
- Developing with React (Vite) and Firebase, with a responsive UI tested on real devices; roadmap targets 1,000+ weekly users and an app-store release with subscriptions

PROFESSIONAL EXPERIENCE

Event Manager / Coordinator | *Collective Retreats* **May 2025 – Apr 2026**
New York, NY — Hybrid (onsite & remote)

- Owned end-to-end budgeting, planning, and on-site execution for weddings, corporate meetings, and private VIP events, leading a cross-functional team to deliver on tight timelines

Event Planner / Concierge | *The Local NY* **Feb 2017 – Dec 2024**
Queens, NY

- Gathered requirements from international guests, including non-English speakers, and turned them into custom guides and itineraries; coordinated logistics across multiple stakeholders as night audit manager and front-desk lead

Assistant Creative Director | *Thaddeus LaDay Productions* **Nov 2014 – Dec 2019**
Manhattan, NY

- Directed the full production pipeline for high-fashion shoots and shows, from casting and studio booking to talent hiring, for clients including New York Fashion Week, Audi Fashion Week, and Fashion Week Houston 5

Visual Artist (Self-Employed) | *Independent* **Jul 2014 – Present**
New York, NY

- Built and maintain a personal portfolio website in React to showcase original paintings exhibited across multiple NYC shows

Additional Experience: Development Technician, Luxe (Start-Up) (2015–2017)

EDUCATION

Full Stack Software Development | *The App Brewery* **Jan 2025 – Aug 2026**
Full Stack Web Development Program | *BloomTech (formerly Lambda School)* **2020 – 2021**
A.S., General Studies | *College of the Mainland* **2010 – 2012**
Additional training: Angela Yu Web Dev Bootcamp; A.S.A.P. Front-End Program
Languages: English (Native), Spanish (A2, currently in school to reach professional proficiency) | **Honors:** Employee of the Month, Hotel Galvez
